

Ashley J. Taylor

E-Colors:

Green / Yellow

Current position:

Coach: Education and Community Advisor

When I joined Equilibria:

January 2006

Why I joined Equilibria:

They say there is no such thing as an accident. And I believe it was no accident that I am now working with Equilibria. The opportunity came my way and I seized the moment. The timing was perfect and the opportunity for personal and professional development seemed open-ended. It offered me the chance to continue to learn and apply the skills and processes I had developed from within the Education sector.

My professional background:

I have enjoyed more than 27 years as an educator working within the UK educational system and a range of International schools worldwide. I am an experienced classroom practitioner as well as Curriculum Coordinator, Head of section, Deputy Head and Principal. I have been fortunate enough to have worked in the UK (National Curriculum), El Salvador (Central America), Bahrain (IB Primary Years Programme PYP) and Thailand and the US as a Camp Counselor for an overweight boy's camp.

My educational background:

Most of my formal education was completed in England. I currently hold a BA (Science) degree gained from the Open University in the UK and a full Teaching Certificate (Cert Ed.). I specialized in primary education allowing me to develop the skills and an understanding of early years literacy and numeracy. I also taught Drama, Physical Education, Design Technology, Mathematics, Music, Athletics and Field Hockey

My family and general interests/hobbies:

I have made Thailand my home for the past 7 years and I intend to stay here for the long run. My two children, whom I am very proud of, are Emma (25 yrs) and Nick (22 yrs) who are both pursuing their own career development. My daughter is an Events Manager in Meadowbank Scotland having completed a degree in Advertising and Marketing from Southampton University. My son has now completed his degree in Computer Aided Design (CAD) and Marketing at Aston University in England and is looking to take his Masters. He is currently living in Bahrain.

My hobbies include collecting bank notes, masks and stamps as well as playing squash, golf, singing and playing the guitar.
