

Carlos Sepulveda

**E-Colors:**

Yellow / Green

**Current position:**

Senior Coach

**When I joined Equilibria:**

January 2006

**Why I joined Equilibria:**

During my career I have had the opportunity to learn how to work with people to help them attain their personal goals as well as contributing to the achievement of organizational goals.

I have determined that this is exactly the profession that I thrive in. I am excited to see individuals grow and understand themselves and open their eyes to others.

I joined Equilibria because this is an organization of other professionals who thrive on the same thing. Working with Equilibria has given me the opportunity to share my skills and background with many individuals and organizations.

**My professional background:**

I have worked as a Management Systems Consultant with over 30 years of industry experience. I have worked in several industries that have given me a wide range of experiences and background. I have worked in the Aerospace industry, Defense industry and Medical products industry. During that time, I have held positions from Engineer, Supervisor, Manager and Director. Much of my career has been focused on developing new organizations and teams. A lot of that time has been devoted to developing the talents of individuals. I have had the privilege of working with several companies around the world to improve the performance of their people and their systems. My training in Coaching and Mentoring has enabled me to enjoy success in developing many young professionals for future success in their careers.

During my career I have acquired several certifications for training in Interpersonal Skills, Personality Profiling and Assessment Centers, Organizational Development, Materials Management, Configuration Management and ISO Auditing. During my time as a Lead Assessor for ISO 9000/2000 I was able to guide companies to attain their ISO certification and to improve their performance while maintaining compliance.

**My educational background:**

Electronics Engineering, California State Polytechnic University  
Business Management, National University, San Diego

**My family and general interests/hobbies:**

I live in Bangkok Thailand and have a daughter living in California. I enjoy traveling and visiting historical places. I have an interest in photography and enjoying playing at golf.
