Why I joined Equilibria:

I've first joined Equilibria as Office Manager and received great opportunity from Management to change my career path to "Coach" in 2008. People development concept draw my attention to work with Equilibria and the way they believed we all have "Potential" in different way makes me have strongly confidence that we all can be a better person if we know how to manage our limiters and appreciate our strength.

My professional background:

After graduating I started my career in the Administrative department in several different positions such as Personal Assistant, Executive Secretary, Office Manager for almost 12 years in total. My working experience, in multi-national companies, allowed me to improve my English skills and, working in Administration for a long time I dealt with a lot of people both inside and outside the organization.

I joined Equilibria in 2005 as Office Manager and in 2008 I was given the chance to challenge my people skills working as a "Coach". I focus on local customers. I'm glad that I've had an opportunity to use my skills that I brought from my previous job in my new role especially listening to people, observing and motivating. So, thanks to the CEO's who realized my potential and gave me this opportunity to help others.

My educational background:

I graduated from Ramkhamhaeng University in Marketing as my major subject and completed Diploma certificate in Secretarial & Business Management from St. Theresa College.

My family and general interests/hobbies:

I am a mother of 2 lovely children (Jeff & Mai) and the 4 of us live in BKK including my Dad and 1 female black dog English Cocker (Hugo). I am so passionate in cooking & home gardening and of course organizing BBQ party is one of my favorite activities among close friends & family. I love good wine & healthy food and the noise of laughter from my family is the most valuable sound I like to hear every day.
