Current position:

Senior Coach

When I joined Equilibria:

March 2010

Why I joined Equilibria:

I was looking to make the last move of my professional career and wanted a great organization with a great reputation with a culture that I could grow in and contribute to the max my skills and talent. That organization is Equilibria. I want to make a difference in the lives of men and women in dangerous industries and Equilibria has the best tools and organization of those tools of any other company I have looked in to.

My professional background:

I am the creator of the H.E.A.R.T. Model and former President of Matrix Learning Systems and developed the Elmwood Fitness Center TeamWorkShop Program.

As an experienced international consultant and trainer, I have created and presented training programs, motivational talks and team building courses to organizations and businesses over the past 20 years, using a variety of communication skills. My entertaining style and humorous delivery, captures the attention of participants as I share my innovative strategies for success. I specialize in Leadership, Change Management, Client Service Management, Customer Service, Team Learning and Human Resource Development and I am a Master Practitioner of Neuro-Linguistic Programming (NLP). For the past 20 years I have been a member of, and served on the boards of numerous professional organizations including the American Society for Training and Development (president 2004 of the New Orleans Chapter), Sales and Marketing Executives, the National Speakers Association, the Chamber and others. I am certified in Extended DISC Behavior Profiling and hold a certificate as a Challenge Course Instructor.

Since 1995 I have conducted public and in-house programs for organizations in 42 states in the USA and in Singapore, Malaysia, Thailand, and Hong Kong. Some of my major clients include Dupont, Hewlett Packard, Singapore Airlines, Singapore Institute Of Management (SIM), Malaysian Institute Of Management (MIM), National Computer Systems Pte Ltd, Housing Development Board, Singapore Pools, Raffles Hotel, Land Transport Authority, Tricon Restaurants International, POSBank, Credit Suisse in areas ranging from creative thinking, team building, customer service and change management.

My educational background:

B.S. Mechanical Engineering

Master Practitioner of Neuro-Linguistic Programming

Developed and facilitated programs for the last 25 years

My family and general interests/hobbies:

I am the father of 6 Children, 4 girls and 2 boys. And so far I have 7 grand children. My interests include reading, swimming, crawfish boiling and bar-b-cuing. I like to work with my hands and build and make things, from small light lights from wine bottles to house renovations. I also design and make boomerangs that come back to the catch.

My reading is always non-fiction on topics that include; human potential, leadership, learning, health, safety, culture building, business, and metaphysics.

My swimming is never enough and my crawfish is to die for. Come taste some anytime when they are in season.
