Current position:

Senior Coach

When I joined Equilibria:

October 2011

Why I joined Equilibria:

In my years of experience, I have come to realize that what gives me the most satisfaction is helping and seeing people grow, develop and realize their dreams. Equilibria allows me the opportunity to contribute in that way.

My Professional Background

Most of my early career was spent in oil and gas working on and later managing drilling, work-over, completion, and fluid services operations. After earning my Master's degree in Organizational Behavior I moved into organizational development, training and coaching which I have been doing for the past 20 years in oil & gas, mining, manufacturing and government.

My educational background:

Master of Organizational Behavior, J. Willard Marriott Graduate School of Management, Brigham Young University, Provo, Utah

Bachelor of Science, Brigham Young University, Provo, UT

My family and general interests/hobbies:

I am married with two children. My wife, Sherrie, spends most of her time home schooling our youngest child, though she is always ready to travel at the drop of a hat. My daughter, Bree, is studying to be a teacher at UVU in Provo, UT and my son, Joran, age 9, is at home, keeping us young.

I love to spend time with my family, travel, snow ski, scuba dive and read adventure novels.
